

**Your Donations Are Urgently Needed  
To Help Keep WBAI On The Air!**

## **WBAI EMERGENCY TRANSMITTER FUND**

By helping us meet the rising and accumulated costs for our transmitter at the Empire State Building you assure that WBAI will continue on the air.

The dire circumstances are due to a number of contributing factors:

- 1) The 2008 economic collapse and resulting reduction of financial resources.
- 2) The devastation from Hurricane Sandy which forced WBAI to leave our downtown location and move to temporary administrative offices and broadcast studios.
- 3) The loss of revenue when our Fall Fund Drive was curtailed because of the Hurricane evacuation.
- 4) Funds already needed to establish WBAI in a new permanent location.

**DONATE HERE: [www.give2wbai.org](http://www.give2wbai.org)**

Your contribution will go specifically to the fund set up for listeners to help prevent WBAI radio from losing our transmitting ability.
